

PEAS

Peas, Alaska - Early canning variety. 2 1/2' vines have good cold resistance and are early to harvest.

Peas, Mammoth Melting Sugar - Large, sweet-flavored pods; 4' tall plants. Cool weather for good yields. Tasty stir-fried or in salads. Pick before peas inside start to swell. Popular Heirloom.

Peas, Oregon Sugar Pod II - Produces a huge crop of snow peas. Pink when flat and tender. Vigorous 28" plants bear 4 1/2" long pods.

Peas, Sugar Daddy- 74 days. Stringless podded pea. 3" pods on 24" vines.
